

Why Choose All Seasons Heating & Air Conditioning?

ALL SEASONS
HEATING & AIR CONDITIONING

This media air cleaner protects your family's health by cleaning the air that you breathe. It removes airborne dust, pollens, and other contaminants while maintaining high air flow so your system can function at full efficiency.

- Over 30 years experience
- Unparalleled customer service
- Tailored advice and solutions
- Knowledgeable, courteous, uniformed technicians
- Fully licensed and insured

We are dedicated to assisting you with your indoor air quality and comfort with respect to your health, budget, and the environment.

This humidifier eliminates maintenance hassles with easy access pads and will save energy by eliminating the constant cycling of air. This humidifier will deliver comfort throughout your entire home using your central system.

The iWave-R is the world's first self-cleaning system designed specifically for treating air in residential duct A/C systems. The iWave-R purifies the supply air, killing mold, bacteria and viruses in the coil and living space.

The surge protector helps protect the most expensive operating equipment in your home from the damaging effects of momentary voltage spikes or other transient power surges.

The dehumidifier can remove up to 90 pints of moisture per day from the air and replace it with fresh, filtered air. Maintenance is minimal because the dehumidifier drains automatically.

5 Ways Preventive Maintenance Saves Money:

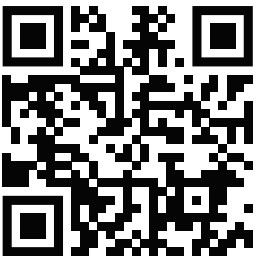

1 Regular maintenance keeps your system running efficiently, which can lower electric bills.

2 A system that is maintained regularly will last longer and save money in the long-run.

3 A properly maintained system enhances the indoor air quality and contributes to better overall health.

4 Preventive maintenance allows minor problems to be identified and fixed before they become major issues.

5 A professionally maintained system provides peace of mind to the homeowner.
